

# KeeKee's **BIG** Adventures

**Full Name:**

KeeKee Jones Williams.

**Hair Color & Description:**

I'm a calico Maine Coon mix. I've got a pink nose and smiley pink lips. My hair is long and beautiful orange, black and white. I have a soft, fluffy, snow white underbelly, and a fluffy neck (that can sometimes make me look like a lion). I walk both on all four legs, but can also stand and walk upright like a person.

**Eye Color:**

Bright green

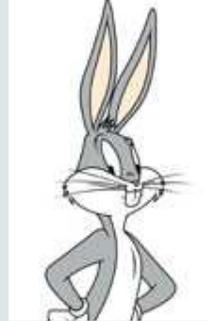

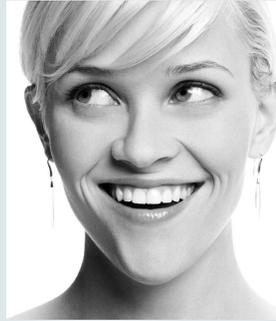

**Brief Life History:**

I was born August 15, 2004 in Bellevue, Washington - just outside Seattle in the United States. I was brought to the Bellevue Humane Society (they found me in a dumpster) where my mom and dad adopted me when I was 6-weeks old. As I kitten I started to travel. First along the west coast of the United States, and then we moved to Amsterdam, Netherlands when I was 2 years old. My mom and dad traveled all over Europe and the Middle East - I wondered what their adventures were like... So, I set out on my own... in a hot air balloon to travel the world making new, and visiting old, friends.

**Clothing:**

I can wear accessories and outfits but normally just covered in my fur.

## Personality Type:

If anyone was to play me in a movie, it would be Reese Witherspoon - for her fun and playfulness. I'm adventurous, daring, determined, sweet, cute, down to earth, particular, confident, strong-willed, stubborn (at times), inquisitive, personable, and sometimes sassy.

My personality is a combination of:

- Indiana Jones - as I'm resourceful, adventurous and an explorer,
- Katie Couric - for her poise and confidence, and
- Bugs Bunny - for his wit.

## Likes:

Classical music (helps make me calm and think). I like to be real low - like to hide under a dresser. But, I also like to be up real high - like atop a tall bookshelf (where I can see the whole room), or in my hot air balloon. I love to learn and have new experiences. I like to travel and teach others. I like to use my imagination. I love having my ears and under my chin pet.

## Dislikes:

Close-mindedness. Big, mean, barking dogs.

## Personal Goals:

To share my adventures and what I learn with others - cultures, languages, geography, customs, foods, and experiences.

## Quirks:

My cheeks get fluffy when I play. My tail is sort of short, and I've got a little crook on the end of it.
